About Us

Cytac Technology Limited began in 2008, specializing in designing and developing tactical holsters for law enforcement and military. Cytac is known as a top holster manufacture in Asia, supplying reliable holsters with quick and easy access. There are over 30,000,000 Cytac holsters produced and used by global LEOs, caused zero addicents. Cytac has filed over 150 patents.

Cytac holster, the selection of LEOs and militray from 100+ countries.

About Our Products

We provide a wide range of products for police, military and civilian use, including holster, mag pouch, handcuff pouch, flashlight holder, baton holder, gun cleaning kits and other tactical gear. Cytac products pass a strenuous series of tests conducted by overseas professionals and our QC team to ensure quality, reliability, and ease of use.

About Our Factory

Combing global technical expertise with domestic materials and labor, we deliver a large volume of cutting-edge tactical products to the international market. Equipped with advanced injection molding, spark eroding and milling machines, we guarantee sufficient productivity.

LITE Defender T1 flashlight

New
Products

Police LED Flashlight

— LITE Defender T1 flashlight features white light of different modes and blue light. White light delivers 3 most used modes for law enforcement including high, strobe, and low. Blue light will make blood and bodily fluids visible, which is widely used by police and crime scene investigators; it's also useful for pilots and other personnel who need to read maps at night or used in fog circumstances.

— LITE Defender T1 flashlight works with two CR123A batteries. New batteries replacement before every mission guarantees sufficient battery power.
